New York Times Explicitly Calls for Abolition of Police

Trump was right. The liberal media establishment is the enemy of the American people.

This is not hyperbole. The New York Times, flagship publication of the MSM, is literally calling for the abolition of the police, so that the USA might be plunged into anarchy that leftists can exploit for their extremist purposes like they have been doing in Seattle.

This is an actual New York Times headline in the Opinion section:

Yes, We Mean Literally Abolish the Police

The piece consists of inflammatory propaganda denouncing law enforcement as inherently racist. Next, maybe they will abolish the fire department, so that their fun isn’t spoiled while the black supremacist mob they have whipped up is burning down our country.

The author, Mariame Kaba, also wants to abolish prisons. With sociopaths running loose, doing whatever they please, secure in the knowledge that authorities will side with them against their victims as has been the case throughout the George Floyd Memorial Riots, we will achieve “a different society, built on cooperation instead of individualism, on mutual aid instead of self-preservation.”

Since Mariame Kaba understands that abolishing the police altogether might be difficult to achieve immediately, she offers an intermediate step:

Cut the number of police in half and cut their budget in half. Fire all police officers.

Politicalisation Of The Great Lockdown Result Of "TINA"-Economic-Ignorance & Censorship

by Tyler Durden  Wed, 06/17/2020 – 23:45

Authored by Ramin Mazaheri for the Saker Blog,

In the United States questioning liberal economic ideology is not tolerated, so when the latest inevitable economic bust in capitalism occurs it is little wonder that their society talks about everything except economic ideology. They spend their time inventing and discussing non-economic solutions to economic catastrophes, which is precisely how their fundamental weaknesses and inequalities only get worse and worse.

Now we are talking about the murder of George Floyd, police brutality and White supremacy - these are old but still important issues which will not lead to systematically redistributing one cent towards governmentally-abandoned American areas.
Manipulating The Masses: Edward Bernays & Why The System Needs Your Compliance

Author by Mac Slavo via SHTplan.com,

You are being controlled. You are being manipulated. You are being brainwashed. If you are still stuck believing that your vote counts and choosing sides is “moral” in a system set up against you from day one, the propaganda has worked.
