Nationalist Review summed up her speech as “Bill Gates is a power-hungry elitist set on dominating the world through a campaign of genocide masked as charity—all in the hopes of controlling the population and preparing the world for slavery.”

Cunial studied industrial chemistry at the University of Padua and was elected in 2018.

Since taking office, Cunial has caused quite a stir, even being temporarily removed from her party for her opposition to vaccines and comparing them to a “genocide” in a Facebook post. Just weeks later, she held a press conference on the dangers of vaccines in the Chamber of Deputies.

Since taking office, Cunial has caused quite a stir, even being temporarily removed from her party for her opposition to vaccines and comparing them to a "genocide" in a Facebook post. Just weeks later, she held a press conference on the dangers of vaccines in the Chamber of Deputies.

In April, Cunial publicly ripped up coronavirus decrees of Prime Minister Giuseppe Conte's government in the Chamber after she was pulled over for driving, despite having her parliamentary identification with her.
An Italian politician demanded the arrest of Bill Gates for “crimes against humanity” in a passionate speech on the parliament floor.

Sara Cunial, the Member of Parliament for Rome, blasted Gates during her seven minute long speech on Thursday, claiming that he has been working on a depopulation policy and plans for dictatorial control over global politics.

The lawmaker blasted the shut down orders, handling of the coronavirus pandemic, and vaccines.

If there was ever a time in history to pay attention, it's now. It's now obvious that we all need to keep our and ears open to that which Big Tech and the government continue to censor to "save us" from "misinformation."

Google Drive, at the request of The Washington Post, has taken down a user's personal copy of the movie "Plandemic."
