COVID-19, Floyd Riots Send Anti-Trump Fake News into Hyperdrive
By Chris Americanus

The mainstream media are often far from a trustworthy guardian of the public's well-being. The Yellow Press published in 1898 the largely discredited proposition that Spain sabotaged and sank the USS Maine, an accusation that incited the Spanish-American War. Recent events show that fake news, not from "Russian troll farms," but rather from domestic media sources and also the Democratic Party's nominee for president, is being used to influence the 2020 presidential election. Here is a list of the misrepresentations, if not flat-out lies, that the media and the Democratic Party's nominee have told about Donald Trump during the past two months.

Americans are bowing down before the mob because of the Big Lie

By Andrea Widberg

One of the more disturbing images to emerge in the past few days has been of police officers and National Guardsman kneeling — effectively bowing down — before the mob. These men and women who represent the forces of law and order claim they are kneeling in solidarity, but what they're doing looks like obeisance.
"The Narrative of Coronavirus Has Failed"
Suddenly there is no talk about coronavirus.

Reputable doctors in Italy, the UK, and elsewhere are claiming the virus hardly exists anymore.

Leaked Report: Coronavirus Is A “Global False Report”

1 The Washington Standard / © June 2, 2020

WhatFinger.com  Tired of Drudge?
But the 93-pages report titled "Analysis of the Crisis Management" has been drafted by a scientific panel appointed by the interior ministry and composed by external medical experts from several German universities. German official turned whistleblower, Stephen Kohn, who worked for the interior ministry, leaked the report.

The authors of the report issued a joint press release already May 11th, berating the government for ignoring expert advice, and asking for the interior minister to officially comment upon the experts' joint statement:

*Therapeutic and preventive measures should never bring more harm than the illness itself. Their aim should be to protect the risk groups, without endangering the availability of medical care and the health of the whole population, as it is unfortunately occurring*

The damage was intentional. The purpose was to destroy the economy in hopes that so doing would destroy Trump. The hundreds of millions of lives destroyed around the world are just collateral damage. That anyone believes that liberals “care” about them is insane.

The WHO is the “hand puppet” of the ChiComs and should be treated as such.
