GDI

Branded ads appearing next to globalist conspiracies
GDI has studied a selection of conspiracy stories and sites spreading disinformation about Globalist conspiracies.

Conspiracy theories include:

- Globalist propaganda
- Soros funded “terrorism”

All stories found on known disinformation sites.
Brands funding these sites & stories:

American Red Cross

Thread Wallets

Alzheimer’s Association

Special Olympics

Line Life

MOZ

1-800 Flowers.com
Ad tech serving these ads & funding these stories:

Note: Some of these companies include retargeting and data analytic companies serving the “last mile” for delivering online ads.
Brand Advertisements

- All of these brands were found on the sites queried.
- Brand ads will vary by anyone’s data footprint & geolocation.
- Screenshots taken from locations in US, UK and Germany.
- Given EU data protections, most ads provide clickable information on the company providing ad.
- This information has been included and/or used to attribute the delivery of an ad to a specific tech company.
- The ad serving domain has been circled at the bottom of each screenshot (whenever available in the browser status bar).
Notorious Soros-Funded Group Pushes for Vote-by-Mail to Become ‘Default Option’

By Eric Lendrum • May 18, 2020

The Center for American Progress, an infamous far-left group that is funded by radical European billionaire George Soros, declared that voting by mail “must become the default option for the vast majority of Americans,” as reported by Breitbart.

The think tank, which is directly connected to Soros, also called on the Supreme Court to strike down laws that prevent widespread vote-by-mail balloting.

Help the Red Cross continue to deliver its lifesaving mission.
Ignarus Maximam: ‘Flat World’ Tom Friedman, Arch Globalist

The New York Times columnist is akin to Tom Ripley from Patricia Highsmith’s The Talented Mr. Ripley—evil wants status, even if it has to fake it or steal it.

The "Russian Vaccine Hack" Is A 3-For-1 Deal On Propaganda

Author: Tyler Durden, Fri, 07/17/2020 - 06:00

The Russian vaccine is being marketed through the usual rival narratives. Consequently, it is not surprising that the narrative is being shaped by the usual culprits.

1. The further demonisation of an "enemy". Russia is portrayed as pursuing "selfish interests with reckless behaviour", whilst we (and our allies) are "getting on with the hard work of finding a vaccine and protecting global health."

2. Promoting the vaccine. The vaccine is coming. It will likely be mandatory, it will certainly have been insufficiently tested, if tested at all. They need some pro-vaccine advertising, and nothing sells better than "our vaccine is so good, people are trying to steal it."

3. Most importantly - Enhancing the idea that Sars-Cov-2 is a unique global threat which puts us all in danger. The unspoken assumption is that Russia needs to steal our research because the virus is so dangerous we all need to be afraid of it...despite it being harmless to the vast majority of people.

Whether it’s the (totally unsubstantiated) allegation that Russia put bounties on NATO servicemen in Afghanistan, or the (very predictable) "leak" that "Russian interference" was backing Corbyn in the general election, it’s clear that any Globalist deal on the coronavirus is dead and buried, and it’s very much open season on Putin’s Russia again.

Nothing shows just how much the Guardian has become the voice of the Deep State more than its coverage of anything Russia-related. And nothing serves as a better exemplar of how modern propaganda works.
The Global Reset Unplugged & "The Deep State"

by Tyler Durden
Sat, 07/18/2020 - 23:30

Author: Peter Koenig via GlobalResearch.ca

Imagine, you are living in a world that you are told is a democracy - and you may even believe it - but in fact your life and fate is in the hands of a few ultra-rich, ultra-powerful and ultra-inhuman oligarchs. They may be called Deep State, or simply the Beast, or anything else obscure or untraceable - it doesn’t matter. They are less than the 0.0001%.
