Yet Another Six Million: The Fable of Pogroms against Jews in Tsarist Russia

"Overwhelmingly Jewish and liberal, the Russian press did little more than concoct stories about the "corrupt, Prussian Tsar" and the "immanent collapse" of Russia. So much of the nonsense from the Russian press – then as now – was immediately taken as true by the western media.

The Jewish mainstream papers were the dominant ones. The crown had yet to grasp the importance of propaganda as journalism was seen as a vulgar form of muckraking. It had no real propaganda of its own, a problem perpetuated by the White armies shortly thereafter. The British had a geostrategic reason to discredit the Russian government, and the broad ignorance of the western world meant that anything would be believed if only a authoritative source stated it.

Even the liberal and philosemitic Witte stated that the St. Petersburg Press was Jewish. DI Pikhno, the editor of the Kievan Daily, said that “Russian society understood that in such moments the power of the press was immense, and it was in the hands of his opponents [that is, Tsar Nicholas] who spoke on behalf of Russia. . . Society was lost in a mass of lies they could barely understand.” (2)

Why the Left Calls Good People Racist

If good liberals and conservatives don't fight the Left, truth loses. If truth loses, all is lost.

Then, about a week ago, on my radio show, I discussed the issue of private speech versus public speech, and the issue of character, using former President Harry Truman as an example of a good man who used foul language privately, specifically using “kike” when writing or talking about Jews, and the N-word when talking about blacks. A listener called to ask me why I could say “kike” but not the N-word. I told him that the left had rendered the N-word the only word unutterable in the English language, even when merely discussing it, as I was with regard to Truman. And, of course, I added that to ever refer to a black using the N-
Trump stuck a figurative finger at these globalists in Davos when they tried to get him on their side. As a result, he had to be replaced. Then came Covid.

These globalist elites promise the usual... peace and prosperity for all, just give them the power, your freedom, and your money. Per The New World Order for Dummies: Their aim is to restructure the world’s economy and geopolitical relationships.

The Great Reset is a new “social contract” that ties every person to it through an electronic ID linked to your bank account and health records, and a social credit ID that will end up dictating every facet of your life. As explained by the Corbett Report, innocuous terms such as sustainable development have taken careful steps to conceal their true identity, strategy and purpose... It’s about getting rid of capitalism and free enterprise... while protecting their wealth.

The Great Reset is a new “social contract”

They care not about our Constitution, our freedoms, our families, or God. They have been hiding in plain sight. They even have a name for it... The Great Reset. Part of this cabal is Klaus Schwab of the World Economic Forum (WEF), Bill Gates, George Soros, Prince Charles (the wannabe chief looking for Indians), and others. Older participants were George H.W. Bush, Nelson Mandela, Mikhail Gorbachev, Henry Kissinger, and David Rockefeller who once commented in 1994 at a UN dinner concerning its future launching, “All we need is the right major crisis and the nations will accept a New World Order.”

How Viral Pandemic Benefits The Globalist Agenda

BY TYLER DURDEN

Author: Brandon Smith via Alt-Market.com

The world today suffers from highly fragile economic and geopolitical conditions. This is not news to most people in the liberty movement that have been tracking the downward spiral for years, but it is news to a majority of average Americans who rarely venture to get in-depth information on any issue. The fact of the matter is, even though there are millions of us who are aware of the danger, we are still in a minority.

Big League Politics has reported on the “Great Reset” propaganda in which the elites responsible for global insanity masquerade as saviors offering a brutal and repressive one-world government as a final solution for individualism, national sovereignty, and the rule of law:

A leading globalist elite closely associated with the World Economic Forum has openly predicted that the world will never return to a sense of normalcy that existed prior to the coronavirus pandemic. Klaus Schwab made the concerning claim in his new book, “The Great Reset.”

“Many of us are pondering when things will return to normal,” wrote Schwab in The Great Reset. “The short response is: never. Nothing will ever return to the ‘broken’ sense of normalcy that prevailed prior to the crisis because the coronavirus pandemic marks a fundamental inflection point in our global trajectory.”

Schwab went on to predict that human history would be differentiated between an era before the pandemic and what comes after. He likened the historical event of the coronavirus pandemic to the birth of Christ, a peculiar slant to Christians who view the life of Jesus as an event quite
